Minister for Agriculture,
West Australian Government,
PERTH. 6000.

Dear Sir,

You are quoted as requesting concrete proposals relative to the Wheat Quota.

I made "concrete proposal" and requested to both the Premier Sir David Brand and the Governor Sir Douglas Kendrew some time ago as a result of the Wheat Quota received by us, also in view of the proposed Legislation on Marketing Fat Lambs.

It has been clearly demonstrated to us the extent of disregard of the individual in the case of the Wheat Quota, and in the ensuring Fat Lamb Authority where in it is proposed that marketing shall be under License only and otherwise illegal. In which we with a Stud "Polwarth" flock were excluded from voting on strongly intermate that we would not receive a license. Although the Stud was purchased this year for the cross breeding purposes of producing Fat Lambs.

Some of my sons attended a district meeting and presented our case of dissatisfaction to representatives dealing with problems relative to the Wheat Quota.

They are doing what they can to improve our position as would be correctly expected.

However on the matter being reported to me and giving it consideration. The assessment can result in only one conclusion, that the position has reduced us and my sons to the statute of beggars. Begging for higher Wheat Quota allocations.

If thru sheer necessity other farmers must beg now as a result of your legislation.

I being the signatory for our families application for the Wheat Quota order that any investigating authority disregard my sons appeal.

I will not have my family reduced to a state of begging.

I will therefore only attend any meeting whose purpose is set to duly effect my request as given to the Governor.

Yours faithfully,
L.G. Casley.

Dear Sir,

I enclose herewith a copy of a letter I have sent to the Minister of Agriculture. If you consider that it is not in bad taste to publish contents of letters which are in fact not actually to your paper. Then if you so elect you may do so. And you may if you wish take extracts from my previous letter to you for quotation on any phrase.

Yours faithfully,
L.G. Casley.
